Recommended Products for Bio-Active Intestinal Health Approach

Sovereign Silver® Bio-Active Silver Hydrosol™ 10 PPM

ESTIMATED WEEKLY DOSAGE: 21 OZ.

Bio-Active Silver Hydrosol represents the ultimate refinement of the colloidal silver category. It is a suspension of positively charged silver particles [$Ag_{(n)}^{1+}$] in pharmaceutical-grade purified water. This is not to be confused with ionic silver, which is in solution (dissolved).

Our unique silver species, with a verified and unmatched particle size, remains in its most active state for use within the body. Why reach for just any colloidal silver? Bio-Active Silver Hydrosol offers the safest and most effective concentration. This is why Sovereign Silver is the #1 selling silver supplement on the market.

Aloe Life® Aloe Gold

ESTIMATED WEEKLY DOSAGE: 21 OZ.

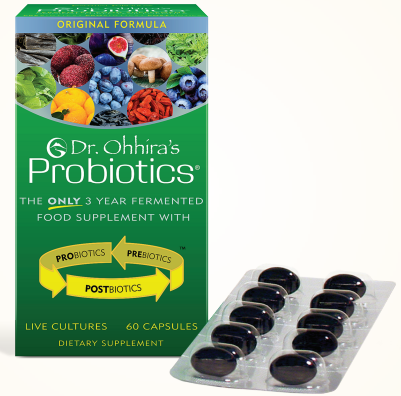

Today's fast-paced world demands a healthy digestive pathway—but your choices in aloe vera vary greatly in potency and quality. Choose a proven company like Aloe Life, known since 1991, for superior juices made from the whole leaf and concentrated, providing the highest potency using a biological process receiving ActivAloe certification.

Juices, including the Aloe Gold natural flavor, are not overfiltered or overheated, which can destroy and remove valuable constituents like the polysaccharides and yellow sap that gives the line its golden color. Aloe Life is organically grown and processed, and not diluted, stating, "No Water is Added!" and gluten-free — providing adults and children the Best Price with the Best Results!

Dr. Ohhira's Probiotics® Original Formula

ESTIMATED WEEKLY DOSAGE: 21 capsules

Dr. Ohhira's Probiotics® combines ancient fermentation techniques with modern science to create a powerful formula that remodels the GI environment to encourage the growth of an individual's own healthful strains of naturally occurring bacteria while discouraging the invasive strains.

Developed by renowned microbiologist Iichiroh Ohhira, Ph.D., over thirty years ago, this exclusive formula is fermented for three years and encapsulated in its own nutritious prebiotic culture that allows the beneficial bacteria to thrive, thus maximizing its health-giving properties. Live, viable bacteria are all natural, never freeze-dried and require no refrigeration.
